General:

- Assignments are late if they are not received at the *beginning* of the lecture at which they are due. Further details on late policy can be found at <http://web.unbc.ca/~casper/Semesters/2012W/101-policies.php#late>.
- The team project accounts for 15% of your mark in this course, and your participation in the team project affects the grade of your fellow team-mates. Team meetings and other team project activities happen outside of scheduled class times. Please plan accordingly.
- There will be between 4 and 8 programming assignments, the assignments being given out approximately weekly.
- Discussion of assignment topic is encouraged but all assignments must be done independently. Copied assignments are considered as “Academic Dishonesty.” Responses to academic dishonesty include awarding a *mark of* -100% on the assignment in question and *written notification* of the College Dean.
- Tutorial participation is mandatory.
- Some Wednesday classes will be taught by others.
